

SECTION 7. *Laws and Rules of the Road*

TRAFFIC CONTROL

When at or approaching traffic signals or signs, yield to pedestrians, bicyclists, and other nearby vehicles that may have the right-of-way. See Right of Way Rules: Who Goes First, in this section.

Traffic Signals

Solid Red Light

A red traffic signal light means STOP. You can turn right at a red light, if:

- There is not a NO TURN ON RED sign posted.
- You stop at the stop or limit line, yield for pedestrians, and turn when it is safe.

Red Arrow

A red arrow means STOP. Do not turn at a red arrow. Remain stopped until a green traffic signal light or green arrow appears.

Flashing Red Light

A flashing red signal light means STOP. After stopping, you may go when it is safe.

Solid Yellow Light

A yellow traffic signal light means CAUTION. The light is about to turn red. When you see a yellow traffic signal light, stop, if you can do so safely. If you cannot stop safely, cautiously cross the intersection.

Yellow Arrow

A yellow arrow means the protected turning time is ending. The signal will change soon. If you cannot stop safely or you are already in the intersection, cautiously complete your turn. Pay attention to the next signal. It could be a:

- Green or red traffic signal light.
- Red arrow.
