

SECTION 10. *Financial Responsibility, Insurance Requirements, and Collisions*

You must have your proof of financial responsibility (insurance) when you drive and for a drive test. If you get into a collision, you must show proof to the other drivers involved in the collision.

INSURANCE REQUIREMENTS

Your insurance must cover at least:

- \$30,000 for a single death or injury.
- \$60,000 for death or injury to more than one person.
- \$15,000 for property damage.

Parents or guardians take on financial responsibility for drivers younger than 18 years old and pay for damages if the driver is involved in a collision. Drivers who are 18 years old and older take on their own financial responsibility.

Before you buy insurance, make sure that the agent, broker, or insurance provider is licensed by the California Department of Insurance. For more information, visit insurance.ca.gov/license-status/.

Driving Without Insurance

Your driving privilege will be suspended for up to four years if you are in a collision and do not have proper insurance coverage. It does not matter who was at fault.

You can get your driver's license back during the last three years of the suspension if you provide a California Insurance Proof Certificate (SR 22/SR 1P) and maintain it during the three-year period.

Low-cost Insurance

If you cannot afford liability insurance, you may be eligible for the California Low Cost Automobile Insurance Program. For more information, visit mylowcostauto.com or call 1-866-602-8861.
