

# *Go the extra mile, be an* **ORGAN DONOR**

New York State's need for organ and tissue donation is tremendous. Each year, thousands of New Yorkers wait for a life-saving transplant. Just one person who donates their organs can save up to eight lives.

## **What can you do to help?**

### **Enroll in the NYS Donate Life Registry Online:**

If you are 16 years of age or older, simply go to [dmv.ny.gov](http://dmv.ny.gov) and sign up to be an organ donor through MyDMV, or go to [donatelife.ny.gov](http://donatelife.ny.gov).

### **Enroll By Mail:**

If you prefer, enroll by signing the organ donation box on your driver license or non-driver identification card application or on your renewal form. If it's not time for you to renew your license or non-driver ID, simply go to [donatelife.ny.gov](http://donatelife.ny.gov) to print and mail in your enrollment application or enroll online; it's just that easy!

## **What You Should Know if You Enroll in the NYS Registry:**

- Tell your family you have enrolled in the Registry and have given your legal consent for donation to occur upon your death;
- Your decision to donate will not affect your medical treatment;
- The organs and tissues you donate will go to the patients in the greatest need;
- There is no cost to the donor's family;
- You can have your name removed from the Registry at any time;
- After you enroll, you will receive a confirmation email or letter to confirm your enrollment and provide you with additional information.
