This license can be used instead of a passport as an identity and Citizenship document at these crossings and for air travel within the U.S. This is an option for NYS residents who are U.S. citizens. Commercial driver licenses and motorcycle licenses can also be issued as an EDL.

REAL ID License – REAL ID License – The REAL ID Act is a federal law passed by Congress resulting from the 9/11 Commission’s recommendation that establishes specific federal requirements for state-issued driver licenses, permits and ID cards to be acceptable for certain federal purposes. Every air traveler flying within the United States must present a REAL ID or an Enhanced Driver License, or bring another acceptable form of identification, determined by the federal government, to get through security at U.S. airports. To get a REAL ID, you will need to go to a DMV Office. **visit dmv.ny.gov.**

Personal Use Vehicle (Rental, Recreational Vehicle) or “R” endorsement - The Personal Use Vehicle “R” endorsement is required for operation of recreational and/or rental vehicles used to transport personal household goods when the vehicle is over 26,000 pounds (11,794 kg.) To get an “R” endorsement: Submit a completed Application for Driver License or ID Card (MV-44) to a state or county motor vehicle office; pay a permit fee, which is valid for a maximum of two road tests; and pass a road test in the size and type of vehicle you will drive. No written test is required. For the road test, a driver who is at least 21 years old, with a license valid for the vehicle you will drive during the test, must accompany you. (e.g., a driver license with an “R” endorsement or the correct Commercial Driver License). The road test will take approximately 15 minutes and will include turns, intersections and backing the vehicle to the curb. When you pass the road test, you must go to a motor vehicle office and pay the required fee to complete the license amendment process.
