

Diamond Symbol: This symbol indicates the lane is reserved lanes for buses, HOV (High-Occupancy Vehicles) like car-pools and van-pools, bicycles or other special vehicles. You cannot enter and use these lanes unless your vehicle complies with the occupancy or other requirements indicated by signs for the times the special conditions are in effect. When used to designate reserved lanes on city streets, sections of the solid white line that separates the diamond lanes from the normal lanes can be replaced by broken white lines. In these locations, non-HOV can enter the HOV lane if they make a right turn at the next intersection. Bus lanes and HOV lanes are to promote the most efficient use of limited street and highway capacity. They assure that vehicles with the highest importance move the fastest.

TRAFFIC OFFICERS

Directions given by traffic officers take precedence over signs, signals or pavement markings. If a traffic officer signals you to stop at a green light, for example, you must stop. If an officer signals you to drive through a red light or stop sign, you must do it.

Among the persons authorized to direct traffic are police officers, fire police, highway work area flag persons and school crossing persons, and school bus drivers.
