

SLOW-MOVING VEHICLES

The “slow-moving vehicle” symbol, a reflective orange triangle, must be displayed on the back of vehicles drawn by animals, most farm vehicles, and construction equipment. The United States Postal Service also requires these orange safety-triangles to be displayed on all rural mail delivery vehicles. Use caution when you approach a slow-moving vehicle and make sure it is safe before you pass.

ALL-TERRAIN VEHICLES AND SNOWMOBILES

State law allows all-terrain vehicles (ATVs) and snowmobiles to legally go across many state highways and local roadways. Before they cross, they must come to a stop and yield to traffic. They must go across at a 90-degree angle to the road surface.

HORSE RIDERS

Horse riders are subject to, and protected by, the rules of the road. They also must ride single file near the right curb or road edge or on a right shoulder, lane or path that can be used.

The law requires you to be careful when you approach a horse being ridden or walked along a road. You must drive at an acceptable speed and at an acceptable distance away from the horse. It is illegal to sound your horn when you approach or pass a horse.

QUESTIONS

Before you go on to Chapter 12, make sure you can answer these questions:

- How do the blind spots around a large commercial vehicle differ from the blind spots around a car?
- How does the stopping distance of a large vehicle with air brakes compare with the stopping distance of a car?

- After you pass a large vehicle, what should you make sure of before you return to the lane of the large vehicle?
- What is the best method to follow when you approach a large vehicle that is in reverse as it moves toward a loading area?
- When children are close, what should you do before you back out of a driveway?
- How can you identify a blind pedestrian to whom you must yield the right-of-way?
- Where must a pedestrian walk when there are no sidewalks?
- How must you approach a bicyclist?
- Must a bicyclist obey traffic laws and signs?
- Where there is no bicycle lane, where on the road must a bicyclist ride?
- What equipment must a bicycle have when used at night?
- What can a driver do to be more aware of motorcyclists?
- What factors contribute to drivers not being aware of motorcycles?
- Why are motorcycles harder to see?
- Why is it important for a motorist to be aware of motorcycles?
- May three motorcyclists ride side-by-side in a single lane?
- What is the slow moving vehicle symbol?
- Where are you likely to find an ATV, snowmobile or horse rider?
