

Unless otherwise directed by a law enforcement officer, drivers who approach a stopped emergency vehicle with its lights activated must:

1. Vacate the lane closest to the emergency vehicle if the highway has two or more lanes traveling in the direction of the emergency vehicle;
2. Slow to a speed not more than 20 mph less than the posted speed limit when the posted speed limit is 25 mph or more; or
3. Slow to a speed less than 5 mph when the posted speed limit is less than 25 mph.

Yield Right-of-Way to School Buses

You must yield the right-of-way to school buses. Always drive with care when you are near a school bus. If you approach a school bus from either direction and the bus is displaying alternately flashing red lights, you must stop. Do not pass the school bus until:

1. The school bus has resumed motion;
2. You are signaled by the driver to proceed; or
3. The red lights are no longer flashing.

It is not necessary to stop when passing a school bus on a different road or when on a controlled-access highway where the bus is stopped in a loading zone and pedestrians aren't permitted to cross. A person who fails to obey the law regarding yielding the right-of-way to school buses displaying alternating, flashing lights is subject to the penalties listed in Table 17.

Table 15: Penalties for Failure to Yield Right-of-Way to School Bus

Conviction	Penalty
1st conviction	A fine of \$500 - \$1,250.
2nd conviction and every conviction after (within 5 years)	A fine not less than \$1000 or more than \$2000, possible suspension of driver license for up to six months.
Person causes serious bodily injury to another when passing a stopped school bus	Class A misdemeanor punishable by a fine of up to \$4,000 and/or up to one year in jail.
Person causes serious bodily injury to another and has previously been convicted of passing a school bus and causing serious bodily injury	State jail felony punishable by 180 days to 2 years confinement and a possible fine of up to \$10,000.

Yield the Right-of-Way to Pedestrians (Persons on Foot)

Avoid Turning a Car into a Deadly Weapon

You should always be on the lookout for individuals who are on foot (pedestrians) whether they have the right-of-way or not. Drivers must give the right-of-way to pedestrians:

1. At an uncontrolled intersection (there are not any traffic signs or signals for the pedestrian to enter the crosswalk)
2. If the pedestrian has a WALK signal or
 - a. If there is not a pedestrian control signal, give the pedestrian the right-of-way on a green light.
 - b. If the light changes after the pedestrian has entered the crosswalk, still give the pedestrian the right-of-way.

Yield Here to Pedestrian Signs

The "Yield Here to Pedestrians" sign is used when yield lines are used in advance of a marked crosswalk that crosses an uncontrolled multi-lane roadway.

In-Street and Overhead Pedestrian Crossing Signs

The "In-Street Pedestrian Crossing" signs or the "Overhead Pedestrian Crossing" signs may be used to remind road users of laws regarding right-of-way at a pedestrian crosswalk without signals.

The "In-Street Pedestrian Crossing" signs are placed in the road at the crosswalk location on the center line, on a lane line, or on a median island. The "In-Street Pedestrian Crossing" signs will not be posted on the left- or right-hand side of the road.
