

A new registration document will be given each year when you renew your tabs. Sign each new registration and keep it in your vehicle.

VEHICLE ADDRESS

Changing your address on your driver license does not change your vehicle address. You can change your address online through License Express or in person at a vehicle licensing office.

2.1 | REPORT OF SALE

INDIVIDUAL TO INDIVIDUAL

If you sell, trade, gift, or dispose of your vehicle, file a Vehicle Report of Sale form within 5 days. Remove the license plates from the vehicle, pay the fee, and file your report of sale at a vehicle licensing office, or search **report of sale** at dol.wa.gov. A report of sale does not transfer ownership. When selling a vehicle, the title must be signed and dated by the owner(s) and given to the purchaser. The purchaser must bring the signed title to a licensing office to transfer ownership within 15 days to avoid penalty fees.

DEALERSHIP TO INDIVIDUAL

If the vehicle is sold by a dealer, the dealership might file a report of sale on your behalf, but it's not required to. It's in your best interest to file the report of sale yourself.
